What the heck is a 6th man?

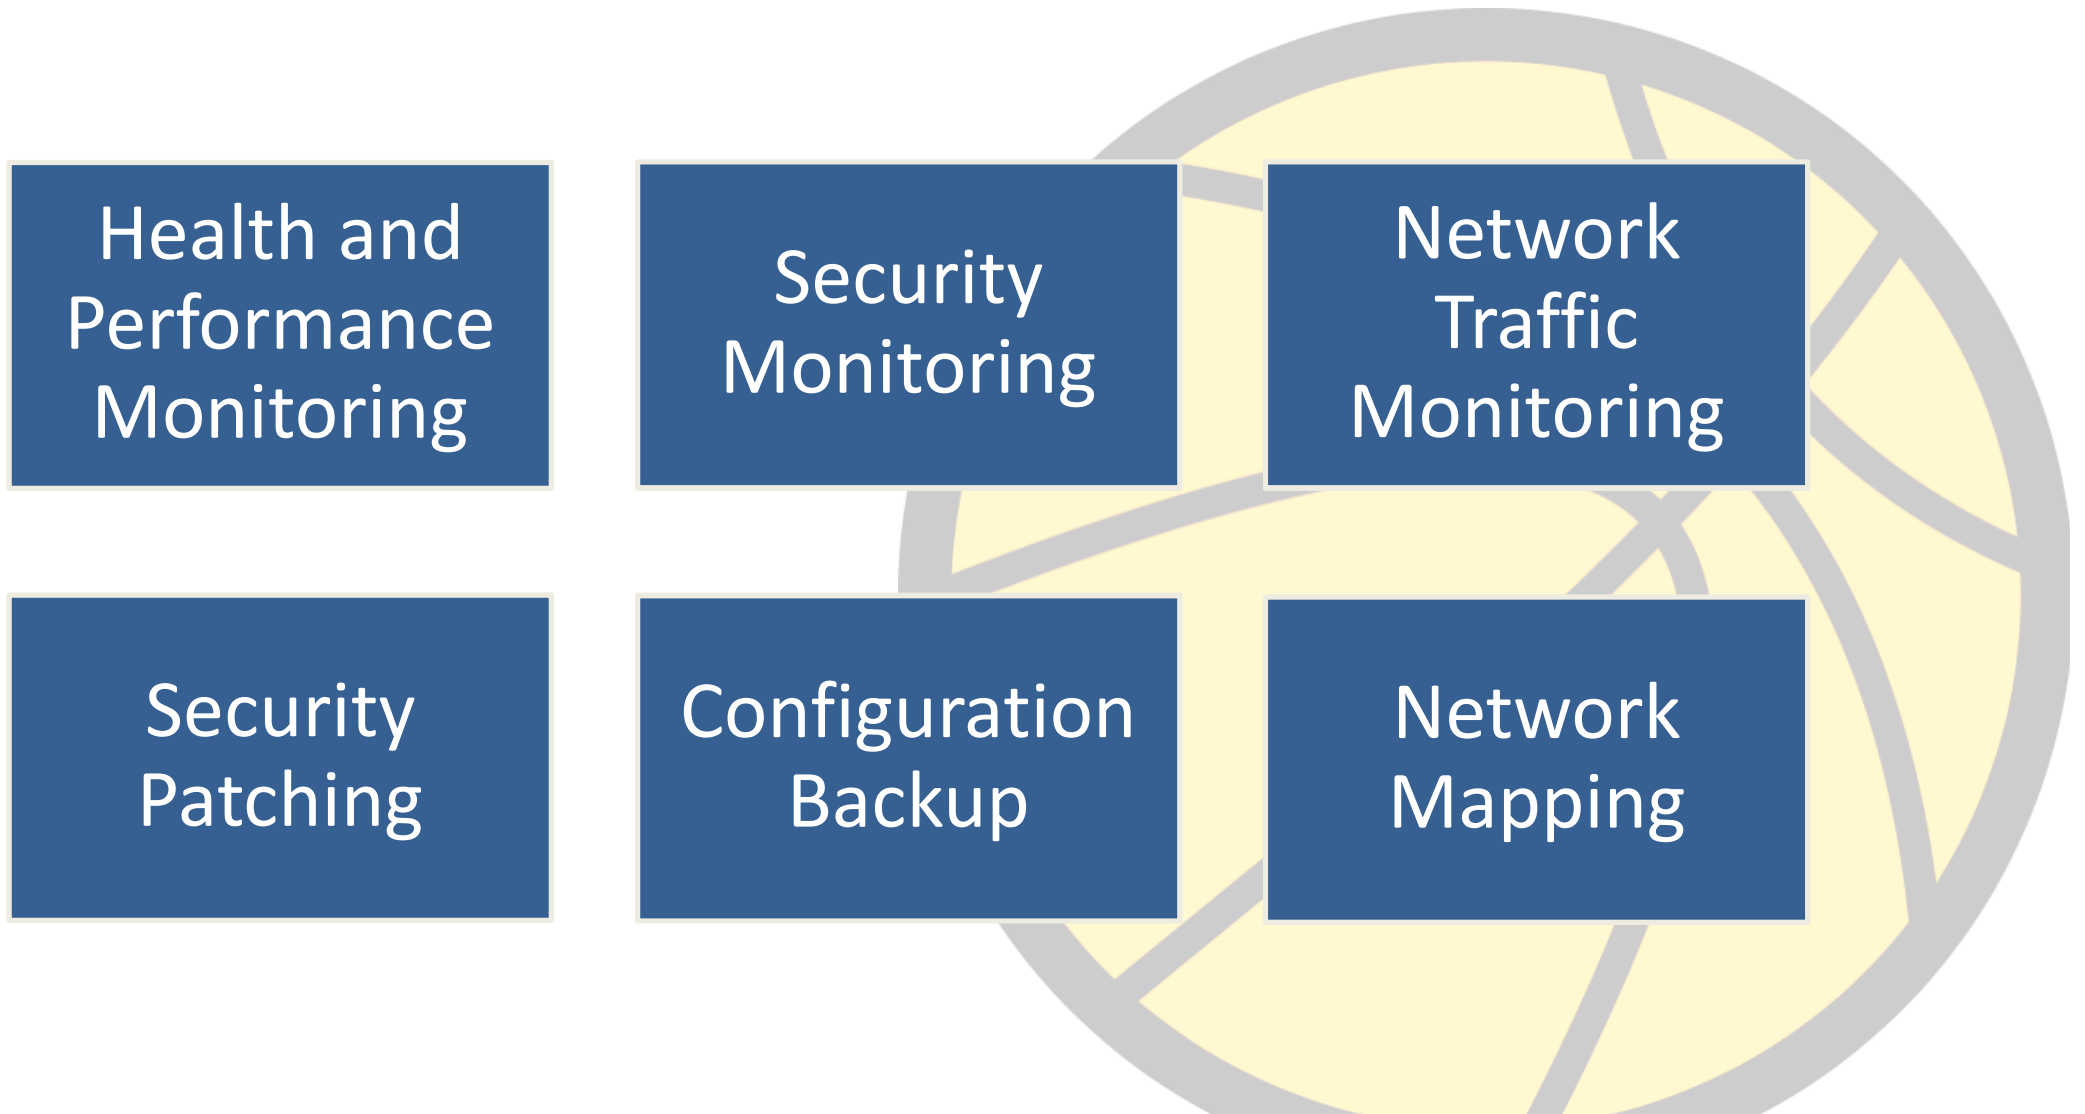

Glue

Support

Specialist

Keys to a winning team

Could your roster use a 6th man?

Health and
Performance
Monitoring

Device
up/down?
Consumed
bandwidth?
Utilization?

Security
Monitoring

Where are
network pings
coming from?
Unusual traffic
and data
movement?

Network
Traffic
Monitoring

Where are
network
bottlenecks?
Is capacity
becoming a
problem?

Could your roster use a 6th man?

Security Patching

Are patches applied on a regular basis?
Are emergency patches applied quickly?

Configuration Backups

Are all changes tracked?
Regular backups of device configuration?

Network Mapping

Do you know how all of the devices on your network communicate?
?

How can your 6th man help?

Monitored
