

Teams Jumpstart

Evolution of Teamwork

Microsoft Teams is one stop shop for all your collaboration needs. It is a modern chat-based application built to accommodate the needs of modern workers. This application is designed to deliver secure document sharing, chatting, calling, and meetings by harnessing the power of SharePoint and Office 365 governance tools.

Peters & Associates leverages our methodology with several hundred Office 365 deployments to amplify the knowledge and simplify the journey. Our proven project strategy includes Microsoft Teams Envisioning and Readiness, Governance, Implementation, and Adoption and Change Management. Organizations at the beginning of their journey should leverage our Teams Jumpstart while organizations down the path should focus on assists like Governance or Adoption.
